SPORT

Suprino's e-bikes are the embodiment of our design philosophy - a combination of high tech sustainable componentry in stylish and practical packaging. By integrating our own suite of on-board auxiliary systems, Suprino e-bikes provide a comfortable, easy-to-learn, yet powerful riding experience, allowing riders to turn everything from daily commutes, family outings, or even leisurely rides into unforgettable moments.

PRODUCTS

Standard Model

✓ SUPRINO Urban KU100

Dynamic black

Your urban touring partner

The KU100 standard frame is designed to suit a broad range of riders, but its European-inspired style means that everyone will still stand out in a crowd. Riders can choose from a variety of body kits to further enhance their personal style, and suit the needs of their daily life.

Colors

Bright blue

Matte gray

Step-through Model

✓ SUPRINO Urban KU200

Milky Way gray

Share with More People

The step-through frame of the KU200 provides a highly accessible and convenient design, and pairs well with a wide range of fashion styles while making it easy to share the joy of riding with friends.

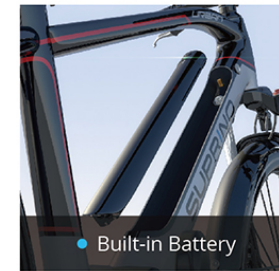

Colors

Pearl white
